

Payment of frozen bonds in Eurobank EFG

Belgrade, May 09, 2012 – As the official agent of the Serbian government, Eurobank EFG services payment of this year's installment of frozen bonds maturing as of May 31, 2012.

Bank clients will have an opportunity to collect their bonds with a valid personal document (ID, refugee's ID, dislocated person's ID, or passport) and an account statement from the Serbian Securities Depository and Clearing House. As in previous years, funds have been provided from the budget of the Republic of Serbia and all clients who submit valid documents will be serviced.

Wishing to make the procedure as simple as possible, Eurobank provides owners of frozen bonds a special benefit – to give an order for transfer of the matured installment to a Free Savings account, thus saving time and achieving additional income and always have their funds at their disposal.

Free Savings or A Vista savings is an excellent choice for clients who want to have their funds always at disposal and have attractive interest rate at the same time. Clients who do not have a Free Savings account can open one on the spot in any of more than 100 Eurobank EFG branches across Serbia.

Eurobank EFG has also enabled all interested citizens to get answers to all questions via a special option at www.eurobankefg.rs/savetnikzastednju or by dialling toll-free Euro PHONE 0800 1111 44, whereas their Personal Bankers can provide them with additional information in relation to frozen foreign currency savings payment.
